

Circular for free Artificial Intelligence Bootcamp for girls

To all the AI Enthusiast Girl students out there!

Here's your chance to join the "Building AI Readiness" Bootcamp organized only for Girls for a deep dive into the world of Artificial Intelligence. It is an extensive AI-Readiness journey wherein you will learn, experience, and build AI models. 3-hour sessions 6-day a week will be scheduled for 15-days where you will go through:

- Foundational concepts of Artificial Intelligence
- Hands-on learning session on Python programming
- Self-directed learning around AI domain specific concepts
- Programming AI-models
- Developing an AI-powered project

Boot camp Date and Time: June 10, 2021 to June 26, 2021 (Time: 2pm to 5pm)

Selection Test Date: Monday, June 8, 2021 (whole day)

Selection Criteria: You will be shortlisted through a one-hour selection test based on Python as well as Artificial Intelligence. (Selection Test Link will be provided via mail)

If you're interested, go to the link given below and click on the "Enroll Button" of this event.
