“Reading is to the mind what exercise is to the body”.

We at Lotus Valley International School, Noida Extension strongly believe that reading newspapers inculcates awareness and enhances reading abilities in school going children. Keeping this in mind, the school is starting a newspaper subscription under HT PACE that would enrich the students with information and news related to economy, entertainment, sports, school events, international and national news, poetry and much more.

Under this initiative by the Hindustan Times, children would be given the student edition of the HT newspaper at a subsidised rate of Rs. 375/- per child from July 2023 to February 2024. If you would like to subscribe the same, kindly send the above mentioned amount in cash to the class teacher latest by Friday, 12 May 2023.

Warm regards

Ms. Mridu Yadav
