Dear Parent

At LVIS, NE, we endeavour to provide holistic education with experiential learning to our students, encompassing all aspects of acquiring knowledge and personal growth. In order to provide international learning opportunities to our students and understand the world that is a cauldron of composite cultures and community perspectives, the school is organising an educational visit to **GSD Buitrago International School (Madrid) Spain, Europe in collaboration with Silver Hills Hospitality, between May 20 to 31 May, 2023.**

Silver Hills Hospitality, is a specialised educational company with about 25 years of experience in hospitality that designs Student International Exchange programs to get a sense of being global citizens and understand an array of different cultural and community perspectives by engaging in international learning and knowledge attainment experience.

This Student Exchange program, is an excellent platform for our students that will encourage them to discover new curriculum and ways of learning. Through this program, students will be able develop an ability to adapt and be part of a whole new world in order to gain rich experience of other cultures, meet new people, make new friends and most importantly, uncover new ideas through interaction with others.

The main highlights of the trip include:

- 1) Attending the Spanish Comprehensive School with Spanish Students.
- 2) Picasso Museum.
- 3) Visit to the pinewoods and the viewpoint of the medieval town.
- 4) Spanish cooking class together with GSD culinary students: bread workshop, how to prepare paella and Spanish tortilla. Indian students preparing and showing Indian food to GSD culinary students (Indian bread, veggie Indian food and steamed rice).
